

Brookline Public Schools Summer School 2016

Brookline High School
115 Greenough Street
Brookline, MA 02445

June 29th - August 5th

Orientation: June 29th 8:45am BHS Quadrangle
All courses are open to Brookline Residents and Non-Residents

Registration

Online: <http://www.brookline.k12.ma.us/summerschool>

Mail: Registration by mail will close on Friday, June 24th. Applications should be completed on the registration forms provided in this catalogue and sent to:

*Kyle Beaulieu-Jones, Director
Brookline Summer School
115 Greenough Street, Brookline, MA 02445
kyle_beaulieu-jones@psbma.org*

In person: (Monday - Friday)

June 6 st —June 17 th	8:00am-10:00am	Room 167/168
June 20 nd —June 28 th	8:00am-1:00pm	Room 167/168

(office closed June 24th)

Health Information: All students are required to provide a completed health form & appropriate immunization records that can be returned in-person, electronically to director, or by fax to: (617) 713-5005.
(current Brookline students already have this on file but must be in compliance)

Payment: Payment can be completed online during registration and by check:

Two separate checks should be made payable to the “Town of Brookline” with “Summer School” in the memo and sent with the registration form.

Check #1: Summer School Course Tuition Total (see pages 20-24)

Check #2 : Non-refundable registration fee of **\$50.00** for all summer school students.

Tuition will be refunded in the event that a student wishes to withdraw his/her registration, provided the student does so by Tuesday, July 5th. Tuition will not be refunded after that date or for failure to meet attendance requirements.

Course Cancellation Policy

Courses with fewer than six registered students may be canceled. Parents will be notified of a cancellation by June 30th. Parents are encouraged to consider an alternative course selection in the event of a course cancellation.

Overview

The BPS Summer Program is an enriching educational experience that affords numerous opportunities for academic growth and creative expression. English, Social Studies, Spanish, Science, and Mathematics courses are designed to allow students to make up or to review work that was not successfully completed or that proved difficult during the regular school year. Original credit courses offer the opportunity to receive full-year credit. Enrichment courses are also offered for students to continue their educational journey through the summer.

Course Cancellation Policy

Courses with fewer than six registered students may be canceled. Parents will be notified of a cancellation by June 30th. Parents are encouraged to consider an alternative course selection in the event of a course cancellation.

Curriculum

All courses are based on the Brookline Public Schools Learning Expectations and reflect, where appropriate, Massachusetts State Standards.

Immunization Requirement

All Summer School students must present evidence of immunization as required by the Commonwealth of Massachusetts at the time of registration. This information will be on record for current Brookline students, yet it must be up to date. If the necessary documentation is not submitted, students will not be able to participate in courses until appropriate documentation is provided.

Financial Aid

A limited amount of financial aid is available to Brookline Public Schools students whose families meet certain criteria. Requests for financial aid must be made **at the time of registration** by completing and submitting the Financial Aid Form on page 27 in this booklet along with a copy of the 2015 tax return or AFDC documentation. Partial scholarships, but no full scholarships, will be available for a limited number of students. Students applying for financial aid must pay, at minimum, the registration fee and half the cost of tuition when registering. If you do not have appropriate documentation, you will not be able to register for courses.

Credit

Credit will be granted for successful completion of summer school courses under the following conditions:

- If the course is a make-up course failed during the regular school year. In this case, you need not fill out additional forms. Upon completion of the Summer School course you will receive the amount of credit assigned to the original course. For example; if you fail US History (a year-long course) during the school year, upon passing the summer school US History make-up course you will receive 1 full credit.
- If the course is taken to earn original credit (4 Hour Original Credit Course) you must fill out the Application for Summer School Credit form on page 29 in this booklet before the close of school in June. Original credit is granted only with the approval of the Department Chair.
- If the course is taken to make-up credit for a course that you received an “N” during the school year. In this case, you must fill out the Application for Summer School Credit form in this booklet on page 29 before the close of school in June, and obtain approval from his/her Dean.

Prior approval for attendance at Summer School IS required if:

- The student wishes to take a course for original credit (Department Head)
- The student wishes to make-up a course for which he/she received a final grade of “N” (Dean)
- The student is under suspension at the end of the regular school year

No prior approval for attendance at Summer School required if:

- Student wishes to take a course for make-up purposes (repeating a failed course) and he/she is deemed to be in good standing at BHS by the BHS Headmaster or his/her designee.

Credit is awarded for grades earned of 60% or higher (No credit = 59% and below)

Credit will be awarded for rising 9-12th grade students for Elective Courses as noted in the Catalogue

Credit will not be awarded to rising 6, 7, or 8th grade students.

Credit will only be awarded upon full payment of tuition.

Report Cards

Two progress reports are mailed home to students: a mid-term report (3 weeks) and the final report at the close of Summer School. Students taking Preview or Enrichment courses will not receive a final report card.

Upon student request, Brookline Summer School will forward official reports to the student's school concerning courses completed during the summer. Students must submit appropriate information on page 26 for grades to be sent upon completion.

Expectations

Attendance

The intensive demands of a six-week session make it imperative that students be in class every day. Any student who is taking a course for credit and who has attended fewer than 24 days may be informed that they will not be able to receive credit and will not receive a refund of his/her tuition. Any tardies or absences will directly (at teacher's discretion) affect the student's overall grade.

- For every absence (or two tardies) exceeding two excused absences (requires parental or doctor's note handed in to the Summer School Office), a five-point deduction of the student's grade based upon a 100-point grade point scale (Failure = 59% and below) will result.
- Tardy means being late for class at the start or after a break.
- Two tardies will result in the 5-point grade reduction (one absence) and at the time of final grades, two tardies of less than five minutes each may be waived.
- Tardies greater than half the length of the class will be considered one absence.
- Missed class time must be made up at the discretion of the course teacher or Director by the end of Summer School. This can be done daily after class in the summer school office.

Code of Conduct

In order to create and maintain a positive and safe learning environment that supports student learning, there are behavioral as well as academic expectations for all summer school students. The disciplinary offenses described in the Brookline High School Student Handbook pertain to the summer session as well. Appropriate school dress is required during the summer. Most courses will provide daily homework and a final examination.

Fundamental Rules include, but are not limited to:

NO cheating	NO fighting
NO stealing	NO verbal harassment
NO drugs and/or alcohol on school grounds	NO sexual harassment
NO bomb scares or triggering false fire alarms	NO weapons
NO smoking in the school building or on school grounds	
NO vandalism, graffiti, or destruction of school or individual property	

Class Behavior

Appropriate class behavior means NO disrespectful behavior in class towards students, teachers, and school. Disrespectful behavior may lead to removal from Summer School without credit or refund.

Technology

Technology is used at the strict discretion of the classroom teacher and staff. Failure to follow teacher's guidelines can lead to removal from Summer School without credit or refund.

2016 BROOKLINE SUMMER SCHOOL COURSES

June 29th - August 5th

Brookline High School
115 Greenough Street
Brookline, MA 02445

All courses are open to Brookline residents and non-residents

Rising 9th graders are welcome to enroll in elective classes for BHS Credit

Rising 6, 7 and 8th graders will not receive credit for courses but are welcome to take courses for enrichment

All classes are subject to change due to enrollment

2016 Summer Schedule

9am-11am Courses

June 29-July 1st	9am-11am
July 4th	No Classes
July 5th -14th	8:30am -11am
July 15th - Aug 5th	9am-11am

11am-1pm Courses

June 29-July 1st	11am-1pm
July 4th	No Classes
July 5th - 14th	11am- 1:30pm
July 15th - Aug 5th	11am-1pm

Original Credit Courses:

Algebra II, Pre-Calculus, Biology, Spanish, (US History 9:30am start)

June 29-July 1st	9am-1pm
July 4th	No Classes
July 5-14th	8:30am-1:30pm
July 15th-Aug 5th	9am-1pm

Please contact kyle_beaulieu-jones@psbma.org with any questions.

WRITING WORKSHOP II

9:00-11:00

enrichment

This is a remedial course designed for a rising 6th, 7th or 8th grader who needs to improve fundamental writing techniques such as vocabulary, punctuation, and paragraphing as well as learning new ways to use rich imagery, colorful phrasing and creative and current research topics. In an environment where there will be peer critiquing and teacher conferencing, new assignments will be given nightly. This class allows one to use his or her creative juices while honing one's skills. Regular review and individualized attention will be provided for areas in need of improvement and for those that will provide the foundation for the next grade level.

Open to: Rising grade 6, 7, 8, 9**6-8th GRADE MATH REVIEW**

9:00-11:00

enrichment

This course will review the concepts and skills taught at the 6th-8th grade levels. Regular review and individualized attention will be provided for areas in need of improvement and for those that will provide the foundation for the next grade level. If registration numbers permit, specific grade level review courses can be created.

Open to: Rising grade 7, 8, 9**7th/8th GRADE SCIENCE**

11:00-1:00

enrichment

Emphasizing fundamental concepts in 7th and 8th grade science curriculum, students will investigate the three main areas of science: physics, chemistry, and life sciences and will perform experiments in each of these disciplines. Students will create, explore, collect and analyze data. We will practice science to both enrich their interest and curiosity as well as build skills necessary for success at the high school level.

Open to: Rising grade 7, 8, & 9

ELECTIVES AND PHYSICAL EDUCATION

DIGITAL ARTS/COMPUTER DESIGN 9:00-11:00 ½ credit

In this class, students will be introduced to Flash MX 04, Adobe Photoshop, Dreamweaver, and Illustrator. Students will learn techniques in all four programs that will help them to create animations, illustrations, and digitally manipulated images. Students will learn every stage of the production process, bringing assignments from each application together to create a fully branded production quality website. We will be using Macintosh computers.

Open to: All grades (Rising 9-12 graders CAN receive BHS credit for this course)

DRAWING 9:00-11:00 ½ credit

Students train the eye, brain, and hand to work in concert, using keen observation to create forms or objects on a surface by means of lines. Students examine the methods for creating strong compositions that illustrate objects, space and portraiture. Students make use of any number of drawing instruments including graphite pencils, pen and ink, inked brushes, color pencils, crayons, charcoals, chalk, pastels, markers. Students with limited experience will develop confidence in their abilities and students with broader experience expand their skills through continued practice.

This course has a materials fee.

Open to: All grades (Rising 9-12 graders CAN receive BHS credit for this course)

ART STUDIO 11:00-1:00 ½ credit

Art Studio students experience 2D and 3D mediums, transforming and combining materials and processes into images and forms that resonate with the viewer. Art Studio increases craftsmanship, self-expression, and confidence in decision making. Students use observational skills, listen to their intuition, imagine, and view outside sources to develop thoughtfully conceived and executed artwork. Art studio is ideal for students wanting a broad foundation for future art courses. Brainstorming, execution, competence with tools, critiques, self-reflections, and inventiveness are emphasized.

This course has a materials fee.

Open to: All grades (Rising 9-12 graders CAN receive BHS credit for this course)

PHOTOGRAPHY 11:00-1:00 ½ credit

This course is designed to give each student a solid foundation in the techniques and aesthetics of fine photography. Students will learn how to use the 35 mm camera, correctly expose and develop film, make prints in the darkroom, and prepare finished work for exhibition. Regular shooting assignments, in class critiques, quizzes and a test are included.

This course has a materials fee.

Open to: All grades ((Rising 9-12 graders CAN receive BHS credit for this course)

WORLD CUISINE

9:00-11:00 & 11:00-1:00

½ credit

This course in food preparation/culinary arts will include the study of nutrition, healthful eating (light cuisine) and the preparation of specialty dishes from Italy, China, Northern Africa, Mexico and Southeast Asia. Occupational skills used in the Food Service Industry and food preparation are important components of this program. Bon Appetit! *This course has a materials fee.*

Open to: All grades (Rising 9-12 graders CAN receive BHS credit for this course)

THE WORLD OF MONEY

9:00-11:00

½ credit

The World of Money course integrates the basics of investing and personal finance. The curriculum incorporates elements of economics, management, and technology to give students an understanding of the function of money in their own lives. Students will learn the practical foundation of money management and its application to future decision-making. This understanding will be applied to banking and investing concepts through a simulated Stock Market competition. Daily participation in the competition will allow students to critically examine the cause and effect of market fluctuation while thoughtfully examining the process of portfolio management.

Open to: All grades (Rising 9-12 graders CAN receive BHS credit for this course)

LIFE-TIME ACTIVITIES

9:00-11:00

¼ make-up credit / enrichment

This course is designed to give students the basic skills necessary to participate in and enjoy various Lifetime Activities including but not limited to fitness training, badminton, basketball, swimming, and tennis. All necessary equipment is supplied.

This class is available to :

** Students Grade 10, 11, 12 who did not pass Health & Fitness during the school year for Make Up Credit*

**Students Grade 10, 11, 12 who would like to use the course for Original Credit*

**All Students who would like to take this course for enrichment*

****This class will have a maximum number of students. First come, first serve.***

****Priority will be given to students needing to make up the class. There will be a wait-list if necessary.***

Open to: All grades. **Grade 9 students may NOT take this course for credit**

ENGLISH COURSES, ELL, & TEST PREPARATION

ENGLISH 9 9:00-11:00 & 11:00-1:00 **1 make-up credit**

This course is designed for students who find form, structure, and sequence a help not a hindrance. Emphasis is given to fundamentals of composition; the use of detail, organization of paragraphs, sentence structure, grammar, usage, and mechanics. Students are also encouraged to study development of voice so as to convey analyses more clearly and originally. Meaningful focus on the short story form and the creation of a memoir allows students to maximize reading in a short course, while simultaneously appreciating the texts. This course may study the school-wide summer reading book. Regularly assigned papers deal with students' reactions to characters and themes presented. Students are encouraged or required to read outside books as well.

Open to: Rising grade 10 who failed Freshman English

ENGLISH 10 and ENGLISH 11 9:00-11:00 & 11:00-1:00 **1 make-up credit**
(Sophomore and Junior English make-up classes will be mixed 10th and 11th graders)

This course strengthens reading and writing skills. Students will read a variety of texts. Regularly assigned papers are designed to improve students' analytical, grammatical, and critical thinking skills. Texts often include the school-wide summer reading book, collections of short stories, and collections of poetry. Each class will also review common sentences errors and grammar so as to prepare students for written work and standardized tests. Emphasis will be placed on helping students read and understand a substantial amount of literature in a limited time. Students may also be required to choose an independent reading book to read outside of class.

Open to: Rising grade 11 and 12 who failed Sophomore or Junior English

SENIOR ENGLISH 11:00-1:00 **1 make-up credit**

In Senior English Seminar, students read important books, plays, and short stories written in this century by such authors as Hemingway, Fitzgerald, Ellison, Steinbeck, Hurston, Malamud, Updike, Naylor, and Walker. Some contemporary poetry and essays are also studied. In addition to writing papers weekly, students will be expected to participate in actively in classroom discussions.

Open to: Seniors

AP ENGLISH PREP / CRITICAL READING & WRITING 11:00-1:00 **enrichment**

Want to improve your chances of earning high scores on the AP English tests? Want to prove to yourself and to colleges that you can tackle challenging material? Want to strengthen your ability to read difficult texts and write about them? This course will provide you with targeted instruction and plenty of practice for the two different AP English tests (Literature and Language). As you improve your chances of earning a high score, you also hone the skills you will need in your eleventh and twelfth grade English classes.

Dates: 7/11-7/29

Open to: Rising grade 11 and 12

ELL: BEGINNER – LOW INTERMEDIATE 1:00-1:00 **enrichment**

Intended for students in grades 7-12 who:

- Recognize simple written words and phrases, and some simple sentences.
- Demonstrate an awareness of English and may comprehend some simple below grade-level texts.
- Can write one or more simple sentences
- Speak using single words and a few basic phrases; give short responses to simple questions, often using gestures for support
- Use basic vocabulary primarily in social situations; word choice is often incorrect for the situation; is sometimes intelligible but comprehends basic spoken vocabulary, phrases and some simple questions with frequent need for repetition and clarification during conversation.

This course emphasizes listening and speaking skills with practice in reading and writing.

Open to: All grades

ELL: INTERMEDIATE 9:00-11:00 **enrichment**

Intended for students in grades 7-12 who:

- Read and comprehend most common words.
- Recognize and comprehend at or below grade-level appropriate words, phrases, sentences, and expressions, and demonstrate knowledge of spoken English including vocabulary and grammar, with occasional errors.
- Comprehend most oral communications with occasional need for clarification and repetition.
- Write a variety of sentences and short compositions using novel words with a limited range of technical academic language.

Open to: All grades

COLLEGE TEST PREPARATION: 9:00-11:00 & 11:00-1:00 **enrichment**
(PSAT/SAT and ACT Test Prep)

This course is designed to familiarize students with the newly revised Scholastic Aptitude Test of the College Entrance Exam Board (CEEB) and the American College Testing (ACT) exams. This class will focus on the SAT, but if many of the students are taking both tests (SAT & ACT) the course can become even more individualized for student's preferences and needs. Students will be provided with test taking skills, sample questions, and full-length tests. Recommended for rising 11 and 12th graders. With our specific instruction, students have achieved results comparable with those promised by private SAT/ACT prep courses.

(Tuition includes the cost of the official College Board textbook).

Dates: Session I: 6/29 - 7/15 9:00-11:00 Verbal 11:00-1:00 Mathematics

Session II 7/18 - 8/5 9:00-11:00 Mathematics 11:00-1:00 Verbal

Open to: All grades

MATHEMATICS COURSES

6, 7 & 8th GRADE MATH REVIEW 9:00-11:00 **enrichment**

This course will review the concepts and skills taught at the 6th-8th grade levels. Regular review and individualized attention will be provided for areas in need of improvement and for those that will provide the foundation for the next grade level. If registration numbers permit, specific grade level review courses can be created.

Open to: Rising grade 7, 8, 9

GEOMETRY HONORS PREVIEW *see below* **enrichment**

This course gives incoming freshmen a broad overview of the 9th grade geometry curriculum with an emphasis on problem-solving, interpreting word problems, and review of algebraic concepts. Students will learn how to use theorems and postulates to write geometric proofs. At the conclusion of the course students will have created a portfolio of their work to utilize during the school year and will be ready for advanced work in mathematics at grade level.

Dates: Session I: 6/29-7/15 11:00-1:00

Session II: 7/18-8/5 9:00-11:00

Open to: Rising grade 9

GEOMETRY MAKE-UP 9:00-11:00 & 11:00-1:00 **1 make-up credit**

An introductory examination of geometric relationships, including parallel lines, congruent and similar figures, trigonometry of right triangles, circles, and area and volume formulas. Proof, both formal and informal, is presented but not emphasized.

Open to: All grades

ALGEBRA I PREVIEW/MAKE-UP 9:00-11:00 **1 make-up credit**

This course includes study of topics and problem-solving techniques from algebra, including a thorough exploration of linear functions and their graphs. Other topics are equations and inequalities in a single variable, systems of equations and inequalities, and simple mathematical modeling. This course includes some review of pre-algebra topics such as operations with fractions, percents, and decimals.

Open to: All grades

ALGEBRA II ORIGINAL CREDIT

9:00-1:00

1 original credit

This course is the equivalent of a year-long second-year algebra course. Basic problem-solving techniques, linear equations, absolute value equations, inequalities, systems of equations, quadratic equations, and fundamental function notation are covered. Functions are introduced, including triangle and circle trigonometry.

Open to: All grades**ALGEBRA II PREVIEW/MAKE-UP**

11:00-1:00

1 make-up credit

The course provides a brief review of necessary Pre-Algebra and Algebra I skills, followed by an introduction to second-year Algebra. Basic problem-solving techniques, linear equations, absolute value equations, inequalities, systems of equations, quadratic equations, and fundamental function notation are covered.

Open to: All grades**PRECALCULUS ORIGINAL CREDIT**

9:00 – 1:00

1 original credit

Successful completion of this intensive Pre-calculus course will allow students to receive original credit for Pre-calculus. Through an analysis of functions and coordinate geometry, students are prepared for the study of Calculus. Topics include reviewing unit circle trigonometry, proving trigonometric identities, solving trigonometric equations and graphing trigonometric functions. Students also study rational functions, complex numbers, conic sections, and sequences and series.

Prerequisite: Algebra 2 and Trig. Students must have a solid grasp of triangle trigonometry.

Open to: Rising grade 10, 11, 12

SCIENCE COURSES

7 & 8th GRADE SCIENCE

11:00-1:00

enrichment

Emphasizing fundamental concepts in 7th and 8th grade science curriculum, students will investigate the three main areas of science: physics, chemistry, and life sciences and will perform experiments in each of these disciplines. Students will create, explore, collect and analyze data. We will practice science to both enrich their interest and curiosity as well as build skills necessary for success at the high school level.

Open to: Rising grade 7, 8, & 9

PHYSICS ORIGINAL CREDIT

8:30-2:30

1 original credit

This course is designed to cover the same material presented during the regular school year. It is an intensive presentation of fundamental concepts and unifying principles of physics. Laboratory experiences are an integral part of the program, reinforcing the classroom work and providing students with opportunities to learn about the nature of scientific inquiry.

Dates: July 5-July 29

Open to: All grades

PHYSICS PREVIEW/MAKE-UP

11:00-1:00

1 make-up credit

This course is designed to review the fundamental concepts and unifying principles of physics. It is intended as a make-up course for the 9th grade Physics course at Brookline High School.

Open to: All grades

CHEMISTRY ORIGINAL CREDIT

8:30-2:30

1 original credit

This course is designed to cover the same material presented during the school year. It is a presentation of Modern Chemistry concepts with emphasis on theoretical explanations for the behavior of matter and related energy transformations. Lab experiences are an integral part of the program reinforcing, wherever possible, the classroom work, but also demonstrating investigative techniques and procedures for the individual student. Students should be prepared to put in extra laboratory time as required by the instructor.

Dates: July 5-July 29

Open to: All grades

CHEMISTRY PREVIEW/MAKE-UP

11:00-1:00

1 make-up credit

This course is built upon individual laboratory experimentation, introducing fundamental laboratory techniques and affording practice in observation and collection of data, methods of preparation, and control of chemical reactions. Selected experiments will form the basis for this modern approach to chemistry. This course may be used as either a preview or make-up of the school year Brookline High School chemistry requirement.

Open to: All grades**BIOLOGY ORIGINAL CREDIT**

9:00-1:00

1 original credit

Material presented during the regular school year will be covered in this course. Topics to be covered include study of plants and animals, their structure, functions, classification, adaptations, conservation, habitats, genetics, and their relationship to each other, to their environment, and to man, as well as the anatomy, physiology, and hygiene of the human body.

Open to: All grades**BIOLOGY PREVIEW/MAKE-UP**

9:00-11:00

1 make-up credit

This course includes a combination classroom-laboratory approach to investigating microorganisms, plants, and animals. Independent study projects are developed by students with exceptional interest. This course may be used as either a preview or make-up of the school year biology requirement.

Open to: All grades

SOCIAL STUDIES COURSES

WORLD HISTORY: PRE-MODERN ERA MAKE-UP 9:00-11:00 **1 make-up credit**

This course is designed to explore World History to 1750. Topics covered include the ancient civilizations of Sumer, China, India, West Africa and Europe, and the five major religions. Students will work with texts, films, and short projects. The course will focus primarily on building skills necessary for sophomore year including essay writing, oral presentations, reading and interpreting maps, reading for understanding, and note taking. Students may take this course for credit if they did not pass World History during their freshmen year.

Open to: All grades

WORLD HISTORY: MODERN ERA MAKE-UP 11:00-1:00 **1 make-up credit**

This course is designed for sophomores who are interested in exploring World History from 1750 to present day. Topics covered include the Industrial Revolution and its effects, WWI, totalitarianism, WWII, communist China and Russia, and the Cold War. Students will work with texts, films, and short projects. The course will focus primarily on building skills necessary for the junior year including essay writing, oral presentations, reading and interpretation of maps, reading for understanding, and note taking. Students may take this course for credit if they did not pass World History during their sophomore year.

Open to: All grades

UNITED STATES HISTORY ORIGINAL CREDIT 9:30 -1:30* **1 original credit**

Standard level United States History students will further develop the skills necessary to analyze social, political and historical problems. They will practice outlining and note taking skills, and write short papers. Primary sources will be introduced one at a time and moderately difficult secondary sources will be required beyond the textbook. Teachers will help students write essays that require analysis on both factual and conceptual levels and a clear thesis by the student.

Open to: All grades *(6/29-7/1 9:30-1:30, 7/5-7/26 9:30-2:00, 7/27-8/5 9:30-1:30)

UNITED STATES HISTORY MAKE UP 11:00-1:00 **1 make-up credit**

This course will focus on significant topics from early colonial beginnings to the current day. Students will work with a variety of material, including texts, films, and short projects. This course is not a substitute for the required year of United States History, but may be taken as a make-up course.

Open to: All grades

AP US HISTORY PREPARATION Tues & Thurs 6:30-8:30 **enrichment**

This course is designed for sophomores entering AP US History in the fall. Students will hone their AP skills learning to effectively note-take on large amounts of textbook reading with a focus on organization and speed, practice test-taking skills, essay writing, and close analysis of primary source readings. The historical content of the course will focus on the first three chapters of the text, which will prepare students for their first test. This course is taught using a hybrid method. Students will meet as a class 2X per week on Tuesdays and Thursdays. Mondays, Wednesdays, and Fridays, students will work independently, from home using our learning management system, Canvas.

Open to: Rising 11 **Dates: 7/5-7/22**

WORLD LANGUAGE COURSES

SPANISH I ORIGINAL CREDIT

9:00-1:00

1 original credit

The emphasis of the course will be on real communication: the ability to speak about yourself and request information from others. Students will be introduced to the cultures and geography of Spain, Mexico, and Florida. This course is for students who wish to begin the study of Spanish language and culture, and have not learned a second language.

Open to: All grades

SPANISH I MAKE-UP

9:00-11:00

1 make-up credit

This course is a review of Spanish 1 for students who did not master the content. The emphasis of the course continues to be on real-life communication: the ability to speak about topics related to self and beyond self. Students will also be introduced to the cultures and geography of Ecuador, Texas, and Puerto Rico.

Open to: All grades

SPANISH INDEPENDENT STUDY

11:00-1:00

Enrichment or ½ credit

This course is designed to support students recommended to move up a level (Standard to Honors, Honors to Advanced) and to improve and enrich current student understanding of the language. Alternatively, a student who has already begun study of another language may also use this experience as a gateway to Spanish II in the fall upon successful completion of the class and final assessment.

Open to: All grades
