

BHS 2017-2018 Electives and Course Registration Info

- Beginning on Tuesday March 7, access the portal at: <https://ma-brookline.myfollett.com/aspn>
- If you need your Student Portal credentials or password, or if you need a portal reset please email: help_desk@psbma.org
- **All course recommendations AND all information about admission to special programs (SWS, Social Justice, AALSP, etc...) as well as acceptance to audition courses will be done by March 6 and visible to you in the portal. All of the information you need to figure out your best schedule will be in the portal.**
- **The Rule of 7:** You can only fit seven blocks into your schedule (unless you are committing to 7:35am Z-Block class). Make sure that all of your courses add up to 7 for any given semester. If you attempt to schedule more than 7 primary courses (academics, electives, or supports) you will find yourself being blocked out of courses you want or need.
- In the X2 Student Portal enter a Maximum of 1.5 credits as your PRIMARY Elective Requests and 0.25 Health and Fitness Request (.5 for Revolution). If you wish to take additional courses you must have your guidance counselor make the additional requests. (If you are adding a Z-Block elective you can enter one additional choice in the portal.)
 - If you make 3 Primary choices (three .5 courses) but only have room for 1 or 2 you will squeeze out your first choice. Put in the 1 or 2 courses you really want and then list any others as alternates.
 - For example—if you really want to take FP5300 International Baking but if full you would want FP FP4000 Foods of France, enter FP5300 as **primary** and FP4000 as **alternate**.
- Primary courses are the ones you want. Also enter ALTERNATE Elective Requests in the event you cannot get your primary choices. You may enter up to 3.0 credits of Alternate choices.
- The Graduation Requirement of Brookline High School is three credits in the Visual Arts, Career and Tech. Ed., and /or Performing Arts. To fulfill this requirement, students must take at least one course in each of the Elective departments - Visual Arts, Career and Tech Ed., and Performing Arts - and a total of three credits of Electives. Students with a particular interest in one field may talk with their Guidance Counselors about pursuing a Pathway, which would allow them to take all Elective credits in one of the Elective departments.
- Students must take one semester of Health and Fitness each year.

The Portal will be open for entry of course requests beginning on Tuesday March 7. The portal will close on Tuesday March 21. You have two weeks to enter your choices.

Plan out your 7 courses here—then enter your primary and alternate Elective and H&F choices on the portal
