

Preliminary Brainstorm of “Blue Sky Ideas”

Note: The Blue Sky Ideas that are outlined below were brainstormed by Workshop Two participants as spaces they would like to see developed within the new high school campus. They are for discussion purposes only and do not represent actual programmed spaces.

1. Library

- Provide public/outdoor entry
- Café area with a student operated school store
- Soft seating/lounge area
- Display areas
- Provide more school oriented zones as well

2. Flex Spaces

- Adaptable spaces that are used differently at different times
- Available for use at all times by adjacent classrooms and other spaces

3. Modified Classroom Interiors

- Provide easy to move desks and chairs
- Multiple teaching walls

4. Stairs Next to Auditorium

- Reclaim unused space
- Provide open seating
- Create commons space with glass walls

5. Roof Garden

- Larger space with wind turbines

6. Faculty Work Space

- Space for up to 12 teachers, organized by discipline
- Work stations with carrels and desks
- Collaborative work table
- Glassed in small meeting room

7. Winthrop House Program

- Location closer to high school
- Centrally located community room
- Space for 50 students

8. Learning Center

- Flexible furniture
- Individual work stations for students
- Small group spaces that are glassed off and visible

9. Quadrangle Core

- An atrium spaces that is used as a classroom commons
- Like the Kennedy Library

10. Tappan Building Replacement

- Build a new 4-5 story building that meets the space needs of the increased high school population

11. Access to Outdoors/Nature

- Provide amphitheater

12. Workrooms

- Provide perimeter desks with technology in corners
- Central table

13. Repurposed Cafeteria and Auditorium as Classrooms

- Create new community auditorium and café

14. White Box Theater for Performing Arts

- Adjacent to stage, can serve as Green Room
- Storage for props

15. Small Niches

- Spaces for independent and small group work, as well as informal gathering

16. Landing Spaces for Casual Interactions

- Safe public spaces that can be effectively supervised
