Brookline High School is a member of the National Assoc. for College Admission Counseling and complies with the NACAC Statement of Principles of Good Practice.

Brookline High School was founded in 1843. Today, BHS educates an extraordinarily diverse population of students representing over 75 nations and most ethnic groups. 24% of BHS students speak a first language other than English, and 53 languages are spoken by our students.

Recognized as one of the finest schools in the nation by publications such as Boston Magazine, US News and World Report, and Newsweek, Brookline High School is known best for its extensive curriculum, outstanding faculty, and innovative programs and services, leading to students' academic success.

Brookline is a dynamic and progressive community of approximately 63,000 people, deeply committed to the success of its public schools. The school is 7.4% African American, 16.0% Asian, 12.9% Hispanic, 53.3% White, and 10.3% Multi-Ethnic. The median household income in the town is just above \$113,000. In contrast, 15.5% of the students qualify for free or reduced-price lunch. Eight elementary schools and one comprehensive high school educate approximately 7,050 students.

## Marking System

The mission of Brookline High School is to develop capable, confident, life-long learners who contribute to their community, participate thoughtfully in democracy, and succeed in a diverse and evolving global society. In order to graduate from The High School, students must earn a total of 22 credits.

A=4.0; A-=3.7; B+=3.3; B=3.0; B-=2.7; C+=2.3; C=2.0; C-=1.7; D+=1.3; D=1.0; D-=0.7; E=0;

Options: P = Pass; F = Fail; W = Withdrew; L = Late Entry -- too late for assessment in current marking period; N= Failure due to attendance inadequate to meet the requirements of the course.

Grade Point Average is calculated at the end of the junior year and measures final grades from the 10th and 11th grades. All courses granting at least one-half credit per semester are included, except those taken on a pass fail basis and those earning a grade of "N". Advanced Placement and Honors courses are not weighted. Many Senior Year classes are unlevleled. Independent study is available to students on a contractual basis. Levels are clearly indicated on the student's transcript. Marks earned for grades 10 & 11 are averaged on a 4 point scale.

Information on attendance and discipline is not available to colleges per school policy.

We counsel students to answer honestly any questions regarding their disciplinary history on a college application.
